DEVELOPMENT AND DELIVERY

INVERNESS TECHNOLOGIES, INC., is a Service-Disabled, Veteran-Owned Business (SDVOB) that provides training, consulting, program and conference management services around the world. We collaborate with our clients to help them become high-performance businesses and government organizations. Our high-performance business strategy builds on our expertise in information assurance and security, health information management systems, business process management, training development and delivery, and DNA identification management in mass fatalities and laboratory settings. An experienced federal contractor with a stellar reputation for excellence, we are the prime contractor for a 5-year U.S. Department of Labor contract for worldwide military career transition services. As leaders in training design and development, we take a customized-approach to assess and analyze learning needs, design curriculums, develop lesson plans, and deliver training.

INTERNATIONAL LEADER IN TRAINING DESIGN, DEVELOPMENT AND DELIVERY!

Inverness Technologies was recently awarded a \$20M contract with Department of Labor to support the Transition Assistance Program (TAP). TAP provides comprehensive employment and training information for service members and their spouses as they leave the military and transition to their next career.

Inverness delivers more than 1,200 TAP workshops per year at over 85 CONUS and Overseas military locations. We support all branches of service to include the Army, Navy, Air Force, Marine Corps, Coast Guard, National Guard and Reserve.

Our Trainers consistently receive "Outstanding" ratings from workshop participants.

We are a Veteran-Owned company helping Veterans! Over 90% of our staff members are either veterans or spouses of veterans.

What Course Participants Say About Our Workshop Delivery:

“By far the best course I’ve taken in the past 8 years in the military and the best instructor I’ve ever had in any class. Will be pushing this course to everyone I know!”

“DOL TAP was by far the most extensive and realistic training I have ever received. The class was professionally prepared and presented. This instructor must be retained at all cost! His ability and presentation is second to none.”

“I don’t think that I could do without this training. Excellent training and one of the greatest examples of the military taking care of its own!”

“Excellent—Empowering—I loved it!”

“I’ve been to similar workshops and this was by far the best. Discussing common interview questions was especially helpful.”
